

## M2sCD

„Sounds expansive, detailed and delicately layered“

**WHAT HI-FI?**  
SOUND AND VISION

### For +

Clear, elegant vocals  
Layered and expansive soundscape  
Refined and musical across frequencies

### Against -

Plays a little safe

### Our Verdict:

Musical Fidelity's CD player sounds expansive, detailed and delicately layered - a resoundingly listenable proposition.

**There's little competition at the price, and that makes it an excellent buy if it matches your budget.**
