

## NU-VISTA 600

„Highly dynamic and vibrant!“

Sheer unwavering calm, obviously endlessly of power reserves and an extremely colourful sound. That's the first impression of the MUSICAL FIDELITY NU-VISTA 600. A rare combination of looks, that remind somehow on a bench vice, and clear, clean, enormously high resolution without any sharpness – highly dynamic and vibrant.

The beauty and warmth of the Nuvistors paired with the precision and the calm of superior performance.
